JOHNNY HALL

Software Developer

linkedin.com/in/johnny-hall-dev | jbhall4291@gmail.com

Full-stack developer building modern web and mobile apps with TypeScript, React, .NET, and cloud technologies.

WORK EXPERIENCE

PARAMET

Software Developer & Client Engagement | Jul 2023 - Current

- Build and maintain full-stack web and mobile apps across greenfield and legacy projects for a leading provider of industrial HVAC configuration tools.
- Work directly with clients from scope to delivery, translating business needs into production-ready solutions.
- Represent the company and demo products to prospective clients at international trade expos.
- Contribute to mentoring junior developers, including onboarding a recent graduate.
- **Tech:** TypeScript, React, Next.js, Flutter, .NET, Entity Framework, SQL Server, MongoDB, Azure.

NORTHCODERS BOOTCAMP

Trainee Software Developer | Jan 2023 - Apr 2023

- Completed a full-time, immersive training programme focused on full-stack JavaScript development.
- Built and deployed several team-based projects using React, Node.js, PostgreSQL, and RESTful APIs.
- Practised TDD, Agile workflows, pair programming, and Git in a collaborative team environment.

LONDON BLACK CAB DRIVER

Self-Employed | 2012 - 2022

- Worked independently in a customer-facing role, building strong communication and problem-solving skills.

PERSONAL PROJECTS

TAPPI

Raspberry Pi–controlled device created with my niece during her work experience to explore Python and GPIO.

LOREM ALAN

A VS Code extension that generates Alan Partridge-style placeholder text, published to the VS Code Marketplace.
